SMARTCLEAN BY IPSO TAKES CARE OF YOUR DELICATES

BETTER FOR THE ENVIRONMENT

BETTER FOR FABRICS

BETTER FOR YOU

With SmartCLEAN, all your delicates have been handled with an eco-friendly and efficient cleaning process:

- Enables you to treat items such as leather jackets, house textiles, furniture coverings...
- Suitable for all kinds of delicate garments such as clothing in wool, mohair, silk, viscose, acetate...
- Also for large items such as bed linen (duvets, woollen sheets), curtains and flags, horse rugs...
- The best eco-friendly solution for all your dresses, jackets, trousers, suits and coats, even your evening wear and wedding garments

SmartCLEAN delivers great benefits to the environment and your garments:

- Environmentally safe operations
- Water-based cleaning solution without harmful solvents
- Odour-free fabric cleaning
- Extends the lifespan of linens and clothes
- Softer clothes
- Whites are more brilliant
- Low energy and water consumption
